Lead with AI

A practical session on using AI in your role to win back time for what matters most. No experience needed – we will capacitate you.

Join us on a Journey from AI **CONFIDENCE** → **CAPABILITY** → **CHAMPION**

WHAT WE COVER

Demystify AI

Where AI really is today and the adoption trends reshaping high-performing teams.

The AI Universe

Beyond chatbots – the toolkit to use and the common myths worth dropping.

Build Confidence

Structured prompting, and spotting where AI gets things wrong.

AI for Managers

Optimise everyday tasks at the individual and team level. Work on real to-do lists in the room.

Managers as AI Champions

Lead safe, practical AI adoption across the company – with the key risks well understood.

LEAD FACILITATOR

A Europe-based founder and strategy & operations manager in global technology, who is building and working with AI operating models & agents at international scale.

CO-FACILITATED BY

An award-winning HR executive with 25+ years of local corporate experience from partnering with CEOs, boards & executive teams across SADC.
